## NEW ADDITION PLATTED NOW

Buyers May See The Lots They Purchased a Few Months Ago.

### STREETS ARE BEING GRADED

More Activity is Being Displayed in Building Circles Than in Recent Years.

That there is at present and will be all this fall, more building activity in Rushville than there has been in many years, is the opinion that is commonly expressed on every hand. New houses are going up all over the city and carpenters are at a premium. Any man who can wield a hammer and manage a saw can obtain employment at the carpenter trade as efforts have been made to induce many different men to try the carpenter trade.

No place will be changed more than will the Stewart & Tompkins addition to the Belmont addition to Rushville. There, it is predicted, many new houses will be erected this fall. Already many people are making arrangements to build just as soon as they get possession of their lots. One home, that of Joe Lakin's, has already been started. It will be one of the most modern residences in the city.

The work of platting the Stewart & Tompkins addition, which has been in charge of James Bennett, was finished this afternoon and any purchaser who bought a lot in the recent sale of lots in the new addition will be shown by their real estate if they will call at the addition. The completion of the platting, it is anticipated, will be the signal for work to be started on a number of houses in the addition.

The streets in the addition are being graded by Stewart and Tompkins, the work being started Saturday with a steam engine and a big plow. Yesterday afternoon a part on the engine broke and the work will be held up for a few days. Already Twelfth and Cherry streets have been graded and the work was being done on Willow street when the engine broke.

People who have not been over the city much this summer have expressed surprise at the number of new homes that are being erected, after they have made their initial trip. Three new homes, which will be among the finest in the city, are being built in Main street above Eleventh. H. C. Francis is erecting a modern residence in Harrison street between Eighth and Ninth. Henry McGuire is razing the old brick house on his lot at the corner of Morgan and Fourth streets and will build a modern house there. Aside from these, there are a number of houses that are being planned or are now under construction.

### HARLAN REUNION.

Connersville News: The great Harlan reunion will begin in this city Wednesday. The first day visitors are asked to meet at the McFarlan hotel, but the reunion exercises will be held at the court house. On Thursday the assembly will enjoy a picnic at Roberts Park, which all are cordially invited to attend. The reunion has been widely and thoroughly advertised and a large number of members closely or remotely connected with the original family are expected to attend.

## SCALDS AN INTRUDER

Russell Barrett of Waldron Throws Hot Water on Burglar.

Russell Barrett had quite a novel experience with a burglar in Waldron Sunday night at eleven-thirty o'clock, and the prowler was finally driven from the scene of his operation by the liberal use of a pan of hot water. Mr. Barrett threw the scalding water on the man, taking him wholly by surprise, and the fellow disappeared down an alley, emitting howls like a Comanche Indian, as the darkness swallowed him up. He passed through a moonlit space in the alley just after being given the drenching, but Mr. Barrett did not recognize him and has no idea who the fellow was.

## I. & C. CONDENSES WORK IN OFFICES

Charles B. Stiffler Becomes Cashier and Amos R. Baxter is Made Chief Bookkeeper.

### SEVERAL OTHER CHANGES

The work in the auditing department of the I. & C. general offices in this city has been condensed and several changes have taken place. The changes were the result of the resignations of Miss Grace Rainey and Robert Boyle. Amos R. Baxter, who has been cashier for the company, becomes the chief bookkeeper and Charles B. Stiffler, former ticket agent, will be the cashier. Fred Abernathy will be advanced to the place of assistant cashier. The work formerly done by Mr. Boyle and Miss Rainey will be divided and the auditing department will be reduced one member. Woodford Casady will take the position of ticket agent at the local station in place of Charles Stiffler.

## FIND GRETNNA GREEN IN JEFFERSONVILLE

Miss Glendola Hill and John F. Burd, Both of This County Elope and Are Wedded.

### SECRET JUST NOW LEAKS OUT

Announcement has just been made that John F. Burd of near Manilla, and Miss Glendola Hill, of near this city, were married at Jeffersonville on the twentieth day of last June. They went to that place ostensibly to spend the day with relatives and none of their friends suspected that they were bent on matrimony. Consequently many of them have been agreeably surprised during the past few days to receive souvenir cards from Mr. and Mrs. Burd acquainting them with the details of the wedding. The couple is now at Winona Lake and the post cards were all mailed at that place. Until the trip to Winona they have been living at their respective homes.

Mr. Burd was formerly a resident of Union township, Shelby county, and is quite well known all over this and Shelby counties. He is twenty-three years old and is a son of Mrs. Kathryn Burd. Mr. Burd is one of the hustling young farmers of this section of the State and his many friends are pleased to know that he is succeeding admirably in his calling. His bride is a daughter of Mr. and Mrs. John Hill of near this city.

## CRAIG RESIGNS AS SECRETARY

Prof. J. H. Scholl is Elected to Fill Vacancy by Directors of the Chautauqua Association.

### CRAIG NO LONGER DIRECTOR

New Plan For Electing Directors For Certain Period of Years is Suggested.

T. A. Craig, who has been for the last few years secretary and a director of the Rush County Chautauqua Association, resigned both positions at a meeting of the directors of the association this morning in Watson, Titsworth & Green's office. His resignation was promptly accepted by the directors.

Prof. J. H. Scholl, superintendent of the Rushville public schools, who has been a hard working and active director of the association for a number of years, was elected to fill the place made vacant by Mr. Craig's resignation. It is believed that Prof. Scholl is one of the most competent men who could be found in the city to fill the position. He is a man who can be relied on at all times and he has the ability to attend to all of the duties of the office. More than that he is a popular choice.

A reorganization of the association will take place at a meeting of the stockholders and directors of the association which will be held at a later date, not yet definitely decided on. It will not be possible to hold the meeting until all of the various committees have prepared their reports on this year's assembly.

At the meeting of the stockholders it has always been the custom to elect directors for the ensuing year and they in turn elect the officers of the association. There is some talk this year of changing the time of serving as a director. Heretofore the directors have been re-elected each year and the same men have been conducting the business of the association very effectively and in a business-like manner. But some of the directors would like to get out of the work and give other men a chance at the work. With this end in view it has been suggested that the directors be elected to serve for different periods of time. There are nine directors and one director said today that he thought it a very good plan to elect three to serve three years, three to serve two years, and three to serve one year. Under that method a new set of three directors would be elected each year to serve three years and each year three old directors would have completed their term.

Mr. Craig is a representative of the Redpath Lyceum bureau. He said at the directors' meeting this morning that he had planned to sell some of his talent less his commission so that the association could get it at a reduced price. It seems that the program committee did not employ all of the talent from the Redpath bureau, hence the resignation.

### MACHINES SAVING.

The Shelby county board of commissioners Saturday made a requisition on the county council for the purpose of buying voting machines, and by so doing, the board of commissioners will save the taxpayers of this county from \$4,300 to \$7,000 each year, in which a general election is held.

## THE WEATHER

Generally fair tonight and Wednesday.

## WILL ORGANIZE LOCAL DIVISION

State Forestry Association Expects to Perfect an Organization in Rush County Next Month.

### SAME WORK ALL OVER STATE

Ed Hancock, Former Republican Editor, Now Secretary of Association, Here Today.

Ed Hancock, the first editor of the Daily Republican, who is now employed as secretary of the State Forestry Association with headquarters in Indianapolis, was here today on business connected with the organization. He will be back here next month when a permanent local forestry association will be organized.

The State Association is now engaged in the preliminary work. It is the hope of the officers to closely organize every county in the State so that the State Association will be a compact body with each county organization behind it. In this manner it is planned to do much forestry work.

Already five different counties in the State have been organized. It is the plan of the association to obtain twenty or twenty-five members of the State Association in each county and then organize those members into a county organization which will have charge of the county in the work.

The officers of the association hope in this manner to educate the people along the lines of forestry. It is expected that the local members in each county will have charge of the publicity work and will assist in teaching the public what forestry means and how it will be of great benefit, especially to the land owners, a part of the plan to conserve the forests of the State.

The State Association, although young, has accomplished much. It has always been the plan to organize the State closely so that more effective work could be done, but that part of the plan has never been carried out due to the fact that the officers have not had the time as yet. Mr. Hancock was here today on a little preliminary work and expects to return in September to effect the local organization.

Mr. Hancock was forced to quit the newspaper game several years ago on account of failing eyesight. He retired to a farm and when his eyesight grew better, he tried his hand again as managing editor of a daily at Ashtabula, Ohio. Again his eyesight failed and he was compelled to resign. He still has some trouble with his eyes but he is having excellent success in his present work.

## PROSECUTION MAY FOLLOW

Refuse is Killing Fish in Little Blue River.

Complaint of the wanton destruction of fish in the waters of Little Blue, east of Shelbyville are being made against the Shelbyville Canning Company again and the proofs that they are true are piling up so fast that prosecutions will likely follow. The situation is regarded so serious that the State fish and game commission has become interested and samples of the polluted water are now with the commission for analysis. It is said that the refuse from the plant is being dumped into the river indiscriminately and without any attempt to reduce it to a state that would give the fish even the very slightest chance for their life.

## MANY STATES REPRESENTED

Eighth Reunion of Gray Family is Held Near Rushville.

The eighth reunion of the descendants of John Gray was held at the home of Mr. and Mrs. George Myer, near Rushville, says the Connersville News. About sixty were present, among them Garrett Gray and family of this city. The next reunion will be held at Mr. Gray's home in this city. The day was a thoroughly pleasant one for all present. An excellent dinner was served and in the afternoon a number of informal speeches were given. Mrs. Jane Ging, 88 years of age, was one of those who addressed the gathering. Guests were present from half a dozen States.

## SUSTAINS BROKEN BONES IN FALL

A. L. Chew of Glenwood Suffers a Fractured Collar Bone, Two Ribs and Other Injuries.

### SLIPS WHILE ON A LADDER

A. L. Chew, a well known resident of Glenwood, fell from a ladder one day recently and sustained a broken collar bone, two fractured ribs, severe injuries to his right hip bone and very serious injuries to his back. Mr. Chew is believed to be in a rather serious condition due to the injury to his back from which he suffers the most pain.

Mr. Chew was climbing up a ladder at the side of his house in Glenwood, with an arm load of tin when he slipped and fell to the ground. He was alone at the time as the members of the family were in Indianapolis attending a camp meeting. It was only with the greatest difficulty that he was able to get into the house. His daughter, Ruth, came from Indianapolis and is caring for her father.

## COLLEGE ROMANCE ENDS IN MARRIAGE

Cecil Clark, Son of Mr. and Mrs. L. M. Clark, and Miss Elizabeth Thompson Are Wedded.

### TAKES PLACE IN NEW YORK

The many friends of Cecil Clark, son of Mr. and Mrs. Lewis M. Clark of Main street, will be surprised to learn that he was quietly married in New York City yesterday to Miss Elizabeth Thompson, at the home of the bride's mother, Mrs. Anne Thompson. Mr. Clark announced his marriage in a telegram which was received by his parents this morning. The wedding was a surprise to all with the exception of Mr. and Mrs. Clark and family, who were aware of the fact that it would take place.

The wedding yesterday is the culmination of a college romance which began in Indiana University a few years ago. Mr. and Mrs. Clark graduated in the same class from the University last spring. Mrs. Clark was a member of the Delta Zeta sorority and the bridegroom was a member of the Phi Delta Theta fraternity. They were both popular students in the State institution.

## RUSH COUNTY TO SEND BIG CROWD

Five Hundred Odd Fellows Will go to Indianapolis For Sovereign Grand Lodge Meeting.

### TO BE HELD SEPTEMBER 18-23

Spectacular Parade Will be Greatest Fraternal Demonstration Ever Made in the World.

Rush county expects to furnish at least five hundred men for the spectacular parade which will be a part of the Odd Fellows Sovereign Grand Lodge meeting which will take place in Indianapolis September 18 to 23. The Rush county delegation will go in a special train from this city, accompanied by brass bands and other accessories which will help the local contingent to make a great demonstration.

The meeting of the Sovereign Grand Lodge of the world, it is expected, will be the greatest fraternal demonstration ever held in the world. In connection with the meeting a monster parade will be held on the night of September 20. At that time it is expected that from one hundred and fifty to two hundred brass bands and from twenty-five to thirty-five thousand Odd Fellows will be in line. It is in this demonstration that the Rush county Odd Fellows will participate.

It is the present plan to take about five hundred Odd Fellows from this county for the parade that night. Three brass bands will accompany the party and help along with the other noise making apparatus in the parade. The Odd Fellows of the county will meet in this city on the morning of September 20. The body of lodgemen will form in line on the court house square and will march to the depot where they will board a special train for Indianapolis. The train will arrive in Indianapolis about three o'clock and the special on its return trip home will leave Indianapolis at midnight.

A similar meeting to the one which is planned for next month was held in Indianapolis ten years ago. At that time sixty brass bands and from fifteen to twenty thousand lodgemen were in the big parade. It is expected that the coming demonstration will eclipse all former efforts.

## STEAL VALUABLE PAPERS FROM DESK

Intruder Ransacked Samuel H. Logan's Home Near New Salem, Taking Notes and Receipts.

### NO MONEY STOLEN BY THIEF

The belated story of a robbery at the home of Mr. and Mrs. Samuel H. Logan near New Salem has just reached this city. About ten days ago Mr. Logan, when he went to his desk to make a credit on a note, discovered that all of his valuable papers were gone. Mr. and Mrs. Logan had been away from home several times previous to the time of the discovery and had not noticed that their home had been ransacked. Among the valuable papers which were stolen were receipts, notes and bank notes. Some of the notes were made payable to him as an individual and as a guardian. It is believed that the thief thought he had money and made away with the package before he discovered what he had.

## UNCLE SAM HAS SOME ODD NEW VEGETABLES.

"Dasheen au Gratin" Served at National Geographic Society Banquet.

At the annual banquet of the National Geographic society at Washington the guests and members were introduced to "dasheen au gratin." This is not the name of a distinguished traveler. Quite the contrary, it is something to eat. Now it is said that dasheen is to become one of America's regular articles of diet. South Carolina having had success in raising it.

At the Geographic society's dinner the dasheen was served in place of potatoes, and the guests, among them President Taft, pronounced it a distinct addition to the gastronomic catalogue. Government experts declare they are satisfied that dasheen can be grown at an immense profit in this country and will encourage its cultivation. It has a nutty flavor, says the Scrap Book.

Dasheen is an aroid. There are several aroids with which the government plant bureau has been experimenting, and we shall soon have a number in the market. The familiar ornamental plant, called "elephant's ear," is one of the most desirable edible aroids and may serve both as food and ornament.

It is an aroid which yields the poi of the Hawaiians, the malanga of the Cubans and the oto of the Panamanians.

It is said that aroids have fed more people than any other product of the soil, yet in Europe and America they are unknown as food.

When Hawaii became a part of the United States Americans learned that the aroid known as taro formed the basis of the native diet. Americans learned to like it. They also learned when they acquired Porto Rico that there the natives lived chiefly on taro and regarded it as their staff of life.

It was then that the agricultural department commenced to sit up and take notice and experiments were started. In South Carolina from an acre of taro a ton and a half of tubers was harvested last year. This was the first large quantity of aroids ever raised in this country.

The tubers are about the size of a man's fist. They are good boiled, baked or fried and are delicious when mashed and mixed with cream, butter and seasoning.

They cannot mature north of the Mason and Dixon line.

## IT GROWS HAIR

### Here's Some Important News for Men Who Are Growing Bald.

People who have taken our word for it that Parisian Sage is the real hair grower, beautifier and dandruff cure have never been disappointed. Here's the word of a person who took our word.

"I have been using Parisian Sage about a year. When I began using it I had only a light 'fuzz' on my head. Now I have a good thick growth, and it is growing thicker and longer right along. Many people don't believe it can be done, but I know from my own experience with Parisian Sage that it can; I can recommend it in the fullest confidence.—Gainse Brown, 708 North Fillmore St., Maryville, Mo.

## SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If these baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety. Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, Hargrove and Mullin, Druggists, Rushville, Indiana.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by All Dealers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

English Aviator Who Is Doing Stunts at Chicago.

## HIS FIRST DAY'S RUN WAS VOID OF MISHAP

### Harry Atwood Makes a Good Start.

Chicago, Aug. 15.—From St. Louis to Chicago Henry Nelson Atwood drove his Burgess biplane and landed in front of the judges' stand at Grant park, where the international aviation meet was in progress. This concluded the first day of his St. Louis-Chicago-New York flight, by which he hopes to make a new world's record.

Atwood's flight was almost devoid of incident. He had no hairbreadth escapes, did not even break a wire of his machine. He left Forest park, St. Louis, at 8:05 a. m., circled the city, made a double loop in the business district, and arrived at Springfield, Ill., at 10:30 a. m.; leaving there at 1:05 p. m., he went to Pontiac, Ill., where he landed at 3:05 p. m. Starting again two hours later he drove to Chicago, arriving at 6:30 p. m.

Atwood received \$500 for alighting at Grant park aviation course. This is the sum that is allowed to all aviators who take part in the meet, for expenses. In various prizes along the route for passing over cities and for stops, Atwood will earn about \$25,000 if he arrives at Coney Island by Aug. 26, \$10,000 of the amount being provided there.

### SEVERAL MISHAPS

Mark the Aviation Exhibitions on Chicago's Lake Front.

Chicago, Aug. 15.—At the aviation meet here yesterday afternoon, Howard Gill, in a Wright biplane, was 600 feet in the air when a propeller chain caught in its tubing, wobbling the machine until it nearly careened. Gill glided to the earth. Hammond, in a Baldwin biplane, fell into Lake Michigan near the four-mile crib after completing a lap and a half of the over-water race. He was unhurt. J. A. D. McCurdy, in a Curtis, struck the electric light wires, turned upside down and was thrown to the ground, but was unhurt. Earl Ovington, in a Curtis, smashed his wing against the ground. He was unhurt. Rene Simon, in a Moissant monoplane, fell into Lake Michigan. He was picked up unhurt.

## TOO MUCH SPEED CAUSE OF WRECK

### This Is Official Declaration at Ft. Wayne.

### GOING FIFTY MILES AN HOUR

When Limited Crashed Into Cross-over Switch at This Rate of Speed Something Had to Give Way—That Death List Was Not Larger Is Attributed to Steel Construction of the Cars.

Fort Wayne, Ind., Aug. 15.—The cause of the wreck of the Pennsylvania flyer here Sunday night, when four engines were killed and more than fifty persons injured, was excessive speed in passing a cross-over switch. This announcement was made by Pennsylvania officials after a thorough investigation of the accident. The train was running at an estimated speed of fifty miles an hour. None of the injured will die, the company's physicians say.

The second engine of the train "split" a switch and carried the first engine off the track. When the first engine jumped the track it carried the second one with it. Then, as a flying wedge, the two crashed into a west-bound freight engine on a track to the north of them.

The loss of life, railroad men believe, would have been far greater but for the fact that all the seven Pullman cars in the train, except one, were constructed of steel. Railroad men say that if the cars had been of the old wooden type the disaster would have been much worse. As it was, even the score of passengers in the dining car, the second from the front end of the train, escaped with severe bruises and cuts. They were thrown into the forward end in a heap over tables and chairs, but none was killed. There was, however, a panic, in which men lost their heads, when the steam rushed in from the wrecked engine, and they pulled women away from the exits until they could themselves escape.

Most of the injured passengers were taken from the diner and combination car. Only seventy passengers were on the train, say railway officials. Though none of the Pullmans kept all of its trucks on the track, none of them turned over. Nearly all the thirty women passengers were seated in the parlor and observation car, on the rear of the train. This car did not turn over, hence its occupants were only jarred and bruised. It is a peculiar fact that not a woman or child was injured.

The Pennsylvania company's formal notice to the railroad commission gave the following figures concerning the accident: Trainmen killed, 4; trainmen injured, 4; Pullman employees injured, 17; mail clerks injured, 2; passengers injured, 29.

### BOAT CAPSIZED

Two of Its Occupants Drowned in White River.

Columbus, Ind., Aug. 15.—Levi Hoffstuder, aged thirty-five, a farmer, and Miss Mayme Taylor, aged twenty, daughter of Hiram Taylor, a farmer, were drowned in White river near Waynesville. Hoffstuder had taken his wife and Miss Moore for a boat ride. The boat was overturned and the three occupants thrown into the river. Mrs. Hoffstuder managed to make her way to shallow water and waded to the shore, but her husband and Miss Taylor were unable to swim and drowned.

### Lightning Kills Three Children.

### Gored to Death by Bull.

Bloomfield, Ind., Aug. 15.—Joe Bivins, aged fifty, was gored to death by a bull. He was crossing a field when the animal attacked him, knocking him down, breaking a number of ribs and injuring him internally.

### It Made Him Despondent.

Indianapolis, Aug. 15.—Frank Mason, forty-eight years old, committed suicide by shooting himself. He formerly was a collector for installment houses, but had been out of work three weeks.

### They Finally Got Him.

Terre Haute, Ind., Aug. 15.—Allen W. Carilless, who disappeared four days after his marriage, on July 4, to a seventeen-year-old girl, has been arrested at Bridgeport, Ill.

### Passed Up Voting Machines.

Logansport, Ind., Aug. 15.—After long consideration, the commissioners of Cass county have decided not to purchase voting machines for the 1912 election.

### Stabbed by Brother-in-Law.

Shoals, Ind., Aug. 15.—During a fight Willis Bledsoe, aged twenty-five years, was fatally stabbed by his brother-in-law, Martin Smith. Smith escaped.

Recall of judges remain a provision in Arizona's constitution, but we are fearful they will not recall Judge Lynch.

Can't the pure food law touch these metropolitan newspaper publishers who hash up for the suburbs evenings editions marked 5:00 p. m., that actually go to press at about 10:30 a. m?

The Washington Post refers to the Indianapolis News as "glorifying the cardinal doctrine of populism." The News is a cross between the Richard Cobden and the William A. Peffer schools of philosophy, and a demagogue every afternoon.—Marion Chronicle.

The Indiana apple show, to be held in Indianapolis, November 6 to 11, is going to be far more than an exposition of fruit. It is to be a school of instruction for orchardists and it will give them detailed information on all phases of apple culture. It is expected that the exhibitors will attend the show in large numbers that they may see and hear for themselves all the exposition has to offer in practical instruction which a grower may turn to profit in his own orchard.

After hearing these financiers talk, it seems strange that the president doesn't hire desk room in Wall street and be close to accurate information at headquarters.

The testimony in the Lorimer hearing has covered pretty well the reason why Eve ate the apple, but it has failed to take up the question of Solomon and his many wives.

While realizing that the newspaper published for the home must cut to the limit those stories which pertain to unsavory things, it is nevertheless the fact that a newspaper to be a real newspaper must publish the news in such a way as to give a fair history of the day. No more can it completely ignore crime than it can an unpleasant disaster. No more can it ignore sports than it can ignore schools or churches. No more can it overlook the evil things of life than it can fail to notice the brighter side of life. A correct balance must of course be used and varying from this balance either way, appearing too pessimistic or too optimistic, one is as bad as the other, from the standpoint or correctly reporting the news of the day.

That newspapers have been too prone to give the sordid news, to the exclusion of the bright and happy side of life, is admitted. That there is a tendency to overcome this is cause for congratulation. But people must not become so enthused with the brighter side of life that they forget there is another side, for some one else or in another community. There are some people who become so concerned as to the bright side of life that they remain blissfully ignorant of what is going on elsewhere and in this very ignorance are failing to take up the burden which rests upon them of working to improve the conditions of others.

An exchange tells of its policy: "That class of news which depicts the weaknesses and frailties of humanity has been minimized, while the educational and helpful features have been extended and increased. The salacious and sordid side has been subordinated to that which contains more of sunshine and sweetness and sincerity. We look upon this as a distant upward step. It makes the Mirror an even more desirable newspaper for the home than it was before."

At present flukes are not worth much. What the farmers want is a little moisture that looks like rain.

We have heard it said that it is doubtful whether the city will be able to get up anything besides steam down there in South Perkins street, where they are digging a new well.

What has become, we would like to know, of the old-fashioned man who went to a family reunion and sat down on a gaudard pie?

Pennsylvania minister has quit the ministry to become a carpenter. Wonder what he will say when he mashes one of his fingers for the first time?

The carpenter trade should feel very uppish just now.

The suggestion has come from Nebraska that a likeness of Bryan's head (not Bryan's head, dear reader, for that would be murder) on a new postage stamp. That would never do because when Bryan's licked and put in the corner he will never stick.

They say that most any fellow who can crank a saw and set it in motion can get a job as a carpenter around here.

One of our most respected sportsmen who is just back from a fishing trip says that his comrade had a friend who heard a catfish purr. Don't doubt this for a minute. If you stroke a German carp on the back he will sing "hi le, hi lo."

Of course it may be too late to make a holler now, but we think it would be nice to have Second street swept before the fair begins. Ther'll be a lot of visitors here and we would like to put our best foot forward, yo' know.

## RICHLAND LOSES TWO

Sandusky Ball Team Takes Double-Header From Local Nine.

The fast Sandusky ball club Sunday easily defeated a representative team from Richland on the Sandusky diamond in two well played games, says the Greensburg News. The first game went to the home team by a score of 11 to 8, and the second game was pulled down with a score of 9 to 3. Eineman and Garret were batteries for Sandusky in the first game, Waybright and Harrell in the second, and Young and O'Conner for Richland in first and Henderson and O'Conner in second. The two teams will play ball again next Sunday on the same diamond.

## CARE WILL PREVENT DISPUTE OVER FEES

County Clerks Urged to be Cautious in Filling Uniform Blanks Sent Out by State.

WILL AVOID FEE DISPUTES

If the county clerks of the state follow carefully the new uniform blanks being sent out for records of receipts and disbursements in the office there will be no more serious disputes about fees being wrongfully retained, according to W. A. Dehority, head of the state's uniform public accounting department.

The new forms have been prepared according to the acts of 1911, which prescribe what the fees collected by the clerk shall be paid into the county treasury. In the receipt record, every fee to be paid into the treasury has a separate column for its recording, and by glancing over the headlines of the record the clerk may tell just what fees he is required to turn over to the county treasurer. In addition, other columns are set aside for recording fees held in trust, such as fees to be paid newspapers for advertising, or fees collected on estates to be paid heirs, and fees to be paid other county officials. The new book is at once a record and a legal guide for the clerk. The disbursement record is made to conform to the items in the clerk's receipt book. When properly kept, the clerk can tell at any time the exact condition of finances in his office.

## NEW LOCATION FOR FURNITURE STORE

Fred A. Caldwell Will Move to the Mauzy Building in Second Street Sept. 21.

WILL OCCUPY BOTH ROOMS

Fred A. Caldwell has leased the entire building formerly occupied by the Mauzy Company's store in East Second street and will move his stock of furniture from his present location in the Bowen building in Main street. The Mauzy rooms will be extensively repaired and the Caldwell store will occupy both the double rooms and the upstairs. Mr. Caldwell added a line of furniture to his undertaking business nine months ago and his rapidly increasing business necessitates a larger place. In his new location he plans to have an up-to-date store and the stock will be conveniently arranged and complete in every detail. The store will be in the new location by September 21.

## WILL RUN AN EXCURSION

Modern Woodmen Will go to Anderson For Log Rolling.

The Modern Woodmen will run a special train over the Big Four to Anderson, Monday, September 4, on account of the annual log rolling. The rate from here will be 80 cents for the round trip, and Clerk Stech would like for all Woodmen who intend to go to let him know as soon as possible. The train schedule will be announced later. The train will start at Westport in the morning and return at night, giving the passengers a full day and evening in Anderson for visiting and sight seeing. Anyone, whether a member of the society or not can go on the train.

NO BLOCK SYSTEM.

An order given by the railroad commission of Indiana relieves the Lake Erie & Western Railroad company of the necessity of installing block signaling systems on its Kokomo and Michigan City divisions and its Fort Wayne, Cincinnati & Louisville division, including the Rushville branch, on the ground that the expense would not be justified.

—Will Casady, who with his wife is now making his home at Mooresville, is spending a few weeks in Rush county, looking after his farm near Homer, and visiting among relatives. He is much improved in health.

—Mrs. Mary Kirchner and daughter Josephine of Terre Haute, who have been the guest of Mr. and Mrs. Peter Schetgen in North Harrison street left this morning with Misses Margaret and Katherine Schetgen for a trip to Niagara Falls.

—Mrs. Jane Ging and daughter, Miss Anna of Muncie attended the Gray family reunion at the home of Mr. and Mrs. George Meyers in Union township and will visit a few days in the county before returning home. Although eighty-seven years old, Aunt Jane is looking well and is in pretty good health.

—Kokomo Tribune: Mrs. G. W. Weeks and her sister, Miss Mary Jackson, both of Rushville, have concluded a two weeks visit at the home of their cousin, L. J. Kirkpatrick, and returned to their home Sunday. Mr. Kirkpatrick entertained his guests with an automobile trip to Lafayette, where they visited the Soldiers' home.

### AMUSEMENTS

The Vaudet will show as the first picture an Eclair drama, "A Mother's Distress." It is said to be a good picture full of pathetic scenes and many dramatic situations. The other picture is a Lux comedy, "Bill's Day Out." A new song will be sung by Leon Maxey.

The Palace will have as the first picture a Biograph film, "The Delayed Proposal." It is said to be a fine comedy. The other film is a Selig, "Range Pals." This one is a western drama and is full of action and dramatic situations.

The Portola will have the regular change of program tonight. The Vitagraph comedy, "Teaching McFadden to Waltz" is said to be a very funny picture, showing some very comical scenes. The other is a Lubin drama, "An Indian's Sacrifice." It is an Indian picture said to be above the ordinary run of western pictures.

With the Young Buffalo Wild West show, which will give exhibitions afternoon and night in Rushville circus grounds, Friday, August 25, are a group of names to conjure with the arena world, chief among them being Ambrose Means, the daring American cowboy, who, with the Buffalo Jones expedition, went to East Africa on the famous bloodless hunting trip. Means is the man who actually cast the lasso which captured the lions, tigers, rhinoceri, and other denizens of the dark continent—a feat of recklessness and daring the like of which has never before been recorded. Ambrose Means will give a vivid illustration of just how the wild animals of Africa were captured at each performance of the Young Buffalo Wild West show. Annie Oakley, the famous lady rifle shot, is a bright star in the aggregation. Annie Oakley has appeared in every

city in the civilized world. Another name that is known throughout the world is Curtis Liston, the undefeated champion rifle shot America. There are at least twenty others in the Young Buffalo show that are famous for their daring. On the payroll of this stupendous aggregation appear the names of over 700 cowboys, cowgirls, Indian chiefs and warriors, Russian Cossacks, Mexi-

can ruralites, Northwestern Canadian mounted police, and U. S. cavalrymen. It requires two large trains to transport this exhibition, a larger number of cars than has ever been required to handle similar enterprises. The street demonstration of this mighty monarch of the West is said to be the most elaborate ever

given by any similar enterprise. One of the big features of the parade is Col. Stewart and his 20 ox team.

## VETO FIGHT IS WELL IN HAND

Final Test Awaits Return of Kentucky Democrats.

### APPROVAL OF THE CABINET

For Three Hours the President's Official Family Poured Over Veto Message on Statehood, Finally Affixing "O. K." to the Document—A Similar Message Being Prepared to Knock Out the Wool Measure.

Washington, Aug. 15.—In the approaching veto fight which will mark the ending of this session of congress President Taft is ready, is even ahead of his part.

The statehood veto message has been printed in its final form. The wool message has been written in an outline form and could be completed with a day's work. Material has been prepared for a veto message to the free list bill. Only the decision of the house Democrats to postpone a vote upon the statehood veto message until after the return of the Democratic members of the Kentucky delegation from the Democratic state convention is now blocking the beginning of the final struggle.

The Democrats of the house, out of courtesy to the Kentucky Democrats, told Representative Ollie James and his colleagues that they might depart in peace to their homes for the week and that they would guard against veto votes while they were gone. Had it not been for this and had there appeared any chance for action, Mr. Taft could have rushed his statehood veto through to the house today.

A special session of the cabinet was called to consider the statehood veto which Mr. Taft has prepared. They were in conference upon it for about three hours, after which it was sent out to the stenographers for revision and to the government printing office. The message is about 4,000 words long.

The president left at 12:30 o'clock today for Ocean Grove, N. J., where he is to address a Methodist camp meeting. He will devote his leisure time on the trip to preparing his veto message on the latest wool bill.

### RIGHTS DISREGARDED

Industrial Insurance Policy Holders Not Given Fair Chance, Says Report.

New York, Aug. 15.—The first of a series of reports to be issued on industrial insurance in this country has been made public by the state insurance department following examinations in which conditions have been found which are described as serious. The investigation started by the national convention of insurance commissioners has embraced twelve companies. The methods employed in industrial settlements in these companies will be described in reports which are to follow.

The examination showed "conclusively that the contract in the industrial department is interpreted in a technical manner and that the rights of the policy holders are disregarded. Advantage is taken of their unfamiliarity with its provisions, and a disposition is shown to compromise, delay and avoid the payment of legitimate claims."

### CREATED A PANIC

Crowd at Sunday School Ball Game Prostrated by Lightning.

Cambridge, O., Aug. 15.—While members of teams representing the Methodist and United Presbyterian Sunday schools in the city baseball league were huddling together in the grandstand during a fierce electric storm last evening, lightning struck the wire netting and injured a number of players and boys who had remained on the players' bench. Those probably fatally hurt were:

Warner B. Bratton, Dr. Walter Dehart, Will Uhleman, Walter Braden, Kirk Braden and James Barker.

Physicians were summoned and the injured men were rushed to their homes.

### Stopped His Bloody Career.

Pensacola, Fla., Aug. 15.—Escaping from a convict camp near Middleburg, W. F. Williams, sentenced from here for the murder of two other white men, attacked and murdered the postmistress and seriously wounded her son. The fugitive was killed by the son as he lay on the ground in a critical condition.

### Three Sisters Drowned.

Alton, Ill., Aug. 15.—Flora, Mary and Ella Brogie, three sisters, were drowned in the Mississippi, at Rhiel's station, six miles north of here, when a snag overturned their skiff.

### A Series of Drownings.

Vandalla, Ill., Aug. 15.—Wallace Hinton, aged ten, was drowned while swimming. This is the fourth drowning here within six weeks.

### Drowned in the Wabash.

Attica, Ind., Aug. 15.—While bathing in the Wabash river Homer Fix, aged thirty and unmarried, was drowned.

## TUBERCULOSIS STILL THE DREADED DISEASE

Nearly ten deaths a day resulted from tuberculosis in Indiana, during June, according to the bulletin issued by the state board of health. The total number of deaths in the state from all causes was 2,355. In June, 1910, 2,559 deaths were reported. The total number of births in the state during the month numbered 4,570, of which 2,337 were males and 2,233 were females. The white males numbered 2,314 and the white females, 2,189.

The birth rate for the state was 20.7 for every 1,000 population. The highest birth rate in the state was reported from Scott county, where there were 29.6 births to each 1,000 population. Pulaski county showed the lowest rate with 3.5 births to each 1,000 persons. Scarlet fever was

prevalent in many places in the state in a mild form and caused eleven deaths.

The cities of the state reported 1,170 deaths, a rate of 12.4 each 1,000 of population. This rate was 1.8 higher than the rate for the entire state, which was reported at 10.6 to each 1,000 persons. The rural deaths numbered 1,183. Infantile paralysis caused two deaths; cancer, 142; violence, 195; diphtheria, 18; typhoid fever, 29, and small-pox, 1. Summer disease caused the death of 116 children less than two years old.

## FLIES ALL ABOUT HURTY BUT NOT ONE "ON HIM."

Just why it is so, nobody has yet been able to discover, but the fact remains that there are more flies in the office of Dr. J. N. Hurty, secre-

tary of the State Board of Health, than in any other office at the Capitol. Dr. Hurty refuses to believe the flies congregate there out of any spirit of revenge against him, because of the consistent fight he has been making for years to have the insects run off the Indiana map.

He believes there is a breeding place for the flies not far distant from his office windows, but diligent search has failed to discover any such hatchery. J. L. Anderson, the clerk to the State Board, spent one entire afternoon hunting the possible breeding place, but despaired of finding it, and turned the task over to Dr. W. F. King, assistant secretary of the board, who hunted with like results. Meanwhile Dr. Hurty's office is the only one in the state house where it has been found necessary to place screens in the windows as a measure of protection against the insects.

**Grew a Full Growth of Hair on a Bald Head**

**Here's the Proof**

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

## A MOONSHINERS' WHITECAP BAND

Active Operation of Masked Men In Tennessee.

### CHIEF WITNESS DISAPPEARS

Following Government Raids in Van Buren County, a Neighbor Who Was Alleged to Have Furnished Lodging to Government Officers Was Terribly Beaten—Outlaws Were Arrested, but Complainant Cannot Be Found.

Chattanooga, Tenn., Aug. 15.—Following government raids on moonshiners in VanBuren county recently in which an outlaw named Sullivan was killed, moonshiners organized a whitecap band and visited the home of Dan Whittenberg near the town of Spencer. They wore white robes and masks. Whittenberg was taken from his home at 2 o'clock in the morning and whipped with switches until his naked body was terribly lacerated and he lost consciousness. Before going to the home of Whittenberg, they visited his aged father and deposited with him a bundle of switches as a warning. The whitecappers claimed that Whittenberg furnished lodging to the United States officers. The night before the whipping of Whittenberg marauders ambushed Slater Morris, firing a load of buckshot into his body. He will recover.

Whittenberg recognized eight outlaws and had them arrested. They were cited to appear at Spencer. All the prisoners were present, but Whittenberg had disappeared and nothing is known of his whereabouts. It is believed he has either been killed by the moonshiners or spirited away into the mountains.

### COMPARATIVE FIGURES

Relating to Manufactures in Certain Indiana Cities.

Washington, Aug. 15.—From a preliminary statement of the general results of the thirteenth United States census of manufactures of the city of Logansport, Ind., it is shown that there were 68 establishments in 1909, as compared with 61 in 1904, an increase of 7, or 11 per cent. The value of products in 1909 was \$4,201,000 and \$2,956,000 in 1904, an increase of \$1,245,000, or 42 per cent. The average per establishment was approximately \$62,000 in 1909 and about \$48,000 in 1904.

A similar statement for Marion shows that there were 89 establishments in 1909, as compared with 96 in 1904, a decrease of 7, or 7 per cent. The value of products in 1909 was \$4,442,000 and \$4,034,000 in 1904, an increase of \$408,000, or 10 per cent. The average per establishment was approximately \$50,000 in 1909 and about \$42,000 in 1904.

For Laporte the statement shows that there were 42 establishments in 1909, and the value of products was \$4,186,000, an average per establishment of approximately \$100,000.

### BEAT EUROPE TO IT

American Florists Succeed in Cornering the Narcissus Crop.

San Francisco, Cal., Aug. 15.—The entire crop of narcissus, 3,627 bulbs, raised in Japan this year, has arrived here. The bulbs will be used for propagation in the United States for the coming Easter.

This is the first time American buyers have been able to corner the crop, as in past years it has always gone to Europe through the enterprise of European florist agents.

### Going After Mobsmen.

Coatesville, Pa., Aug. 15.—The fearful work of a frenzied mob here Sunday night, when it dragged Zachary Walker, a wounded negro, from a hospital and burned him to death, has aroused the greatest indignation in this community and everything possible will be done to bring to justice the ringleaders.

Caught at the Crossing.

### STOP THAT DANDRUFF

before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guaranteed to cure dandruff, itching scalp and all other germ diseases of the skin and scalp.

ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggist selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show their healing qualities and if used according to directions, they will effect a permanent cure.

Sold by druggists everywhere and in Rushville by F. E. Wolcott, Druggist.

### Many a Suffering Woman

Drags herself painfully through her daily tasks, suffering from backache, headache, nervousness, loss of appetite and poor sleep, not knowing her ills are due to kidney and bladder troubles. ### MANY HAVE ACCEPTED PURDUE'S FINE OFFER

Farm Instructors to Be Sent to Thirty-Four Counties.

Lafayette, Ind., Aug. 15.—Thus far thirty-four counties of Indiana have accepted the offer made by Purdue university to supply instructors for a course in agriculture at the various county teachers' institutes throughout the state. These institutes have already begun in some counties, and many more will be held between now and the middle of September. Prof. George I. Christie, who is at the head of the agricultural extension department at Purdue, has charge of the assignment of speakers, and has twelve men whom he will send to the different institutes. The object is to arouse interest among teachers and school superintendents in the teaching of agriculture in the public schools. The speakers are sent to each institute by Purdue, and will remain for two days giving the teachers an idea of how agriculture should be taught in the schools.

### Loss of Time Means Loss of Pay.

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. Mr. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in result—a good friend to the working man or woman who suffers from kidney ills. F. B. Johnson & Co.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments, that medical science has devised. ### MOB VIOLENCE AT LIVERPOOL GROWS

Incendiarism Has Been Added to Rioting.

Liverpool, Aug. 15.—The military fired on a mob of hooligans in the streets today and then charged them with fixed bayonets. The number of casualties has not been reported.

Liverpool, Aug. 15.—In the papers here advertisements have appeared calling for volunteers for special constabulary duty. There has been much rioting and incendiarism. Members of the mobs which gathered at various points hurled glassware, bricks and other missiles, but it is stated on good authority that the offenders were not strikers, but roughs who took advantage of the situation to loot and destroy property. Women were conspicuous for their violence and for their vituperation in urging the men on to incendiarism. There have been so many fires that smoke overhangs the city. The office of the Shipping Federation, where the strike breakers are engaged, was fired at both ends simultaneously.

The magistrates have ordered closed all the saloons in the districts where the trouble is worst.

### Strike Rapidly Spreading.

Manchester, England, Aug. 15.—Many additions have been made to the ranks of the railway strikers at this point, and the freight handlers employed by the Midland railway at Sheffield have struck.

### HELD TO ANSWER

Young Virginian Indicted on Charge of Wife Murder.

Richmond, Va., Aug. 15.—The grand jury has indicted Henry Clay Beattie, jr., for the murder of his young wife on July 18 last. Beattie's wife was shot to death in an automobile while riding with her husband. Beattie said the shot was fired by an unknown man. He was arrested the next day and has been in jail ever since.

### SOCIETY NEWS

Mrs. J. M. Amos will entertain the Happy-go-Lucky club Friday afternoon at her home south of the city.

\* \* \*

The regular meeting of the Tri Kappa sorority will be held at the home of Miss Georgia Amos, south of the city tomorrow afternoon at three o'clock.

\* \* \*

Invitations have been received in this city to the wedding of Miss Myrtle Purdy of Ardmore, Okla., to Lawrence B. Smelser of Richmond. The marriage will take place Tuesday, August 29, at the home of Mr. and Mrs. Harry Hodgins in Richmond. Mr. Smelser is well known here, having taught mathematics in the local high school last year and which position he will again hold. Miss Purdy and Mr. Smelser were classmates in Earlham college.

J. R. Abernathy of 327 West 18th street, Indianapolis, formerly of this city, was very delightfully surprised Sunday, when all of his married children went home to remind him of his fifty-seventh birthday. They took with them well filled baskets and presented him with many presents. It was the first time they had all been at home together for nine years and the day was a very happy one for all. Mr. Abernathy's children are, Mrs. Mary Abernathy, Mrs. Ed Walker and Mrs. Mart Clevenger of this city; Mrs. Myrtle Graham of Indianapolis; Mrs. Ruth Uneste of Nora, Ind., and a son, William, who is still at home. Six grandchildren were also present.

### ACCIDENTS ON DECREASE

Railway Commission's Report Shows Smaller Number is Killed.

The accident bulletin for the quarter ended June 30, issued by the Railroad Commission of Indiana, will come from the State printer within the next few days. According to W. J. Woods, chairman of the commission, it will show a decrease in the casualty lists of both steam and interurban roads in Indiana. Chairman Woods said he wished to make no comparisons between the showing of steam and interurban roads in the accident reports, and asserted that he could not be responsible for the comparative figures given out recently by John F. McClure, another member of the commission.

### NEW OFFICERS IN CHARGE

Capt. and Mrs. I. N. Popp Work For Salvation Army.

Capt. and Mrs. I. C. Popp are now in charge of the Salvation Army in this city taking the place of Capt. and Mrs. Enoch, who were sent to Linton. The new officers came to this city from Anderson, where they were engaged in the work. Mr. and Mrs. Popp desire the support of the people of the city in the work they are doing here and will gladly receive any donations.

### DISEASE GROWS SERIOUS

Infantile Paralysis Is Killing Many Children in Indiana.

Infantile paralysis, a disease that is killing hundreds of children in the United States annually and which, as yet, physicians have been only partly successful in combating, has gained a foothold in parts of Indiana. One death has resulted within the week and another patient is ill. Sixty deaths were reported to the state board of health during 1910. A total of three hundred cases treated was reported. The disease left 150 cripples in its wake. Dr. Hurty, as head of the State health board, has prepared a bulletin relating to the prevention and treatment of the disease, in an effort to gain some organized method by which the disease may be stamped out.

### PONY SALE WAS HELD TODAY

M. L. Heaton of Manilla Disposed of Large Number.

M. L. Heaton of Manilla, Ind., disposed of his entire herd of Shetland ponies today at a public sale held in the Davis sale barn in this city. The sale attracted a large crowd of people to this city and many buyers from a distance were present. Several of the ponies were bought by Gentry Brothers, owners of the famous dog and pony show, with head quarters at Bloomington. The prices were considered good and ranged from \$100 up to \$150.

### OR A CAN.

Connersville News: Those two Rushville city wells that produce forty gallons per hour ought to be given a rest and a man with a tin bucket and dipper substituted.

\* CARRY "WET" AND "DRY" \*  
\* FIGHT TO THE EXTREMES. \*  
\* \* \* \* \*

As showing the extremes to which the "wet" and "dry" fights may be carried, and as indicating the effects of such contests in communities, take the case of Auburn and the Auburn automobile factory, where the Auburn car is made. The head of the big auto concern was a leader of the "drys." He was active and effectual in making Auburn "dry." Later he made a fight against the Democratic nominee for assessor in DeKalb county. The auto man was a "dry" Democrat. The candidate for assessor was a "wet" Democrat. The "wet" Democrat was defeated in his race for assessor. The Democratic circuit judge appointed the defeated man as a member of the County Board of Review. The defeated candidate, when it came to assessing the Auburn Automobile Company, forced the assessment up to \$230,000, or about double. The company objected. But the assessment stuck. Then the auto concern went over to Angola, in the next county, leased a factory building, and will move the plant away from Auburn and into "dry" Angola, where assessments for taxation are expected to be reasonable. By the way, Angola is another place where the remonstrance plan may be used as against the city election.

## GOOD CROWD AT BAPTIST MEETING

Local People Return With Much Praise For Falmouth People Who Entertained Them.

### HOMES OPEN TO VISITORS

The White Water Primitive Baptist Association, which began northwest of Falmouth Friday morning, ended Sunday evening, after one of the most pleasant sessions in its history. The attendance was unusually large and the hospitality, which indeed is characteristic of these gatherings was marked and constant. Benjamin Jackson and family, Fred Jackson and family, William Jackson and family, Fred Lightfoot and family, and Henry Knotts and family gener-

ously threw open their homes to the visitors and each of them entertained from forty to eighty persons during the three days. There were several ministers from other States, besides an exceedingly good representation of those who belong to the association here, and each night services were held at the homes. Many local people were there, and all of them spoke of the association as one of the most enjoyable they ever attended.

### GREENSBURG GETS BANK.

Washington dispatches announce that Greensburg will get a postal savings bank September 12. The postmaster has received no official information, but is daily expecting the order. The postal bank will afford an opportunity to people of small means to deposit their savings and receive two per cent interest on them.

### Last Saturday Evening

A certain party in this city left \$11.00 to the credit of his landlord as rent remarking when he was given his receipt, "This makes an even hundred of these." He has paid \$1,100 as rent in eight years and four months he has rented this property and has only a lot worthless receipts. If you are similarly situated, can't you see the advantages of opening a Savings Account with this institution until such time as you shall have saved enough to justify the Association in advancing you enough to build and own your own home. We pay you 6 per cent interest on your Savings Account in the meantime. It will pay you to see us at the earliest possible moment.
